

+ Allocation of Space in Synod Assembly Celebration of Ministries +
POLICY AND PRACTICE
Indiana-Kentucky Synod Assembly
Adopted by the IN-KY Synod Council January 24, 2009

Background

The primary purpose of the Synod Assembly's Celebration of Ministries is to celebrate, lift up, and invite participation in ministries of the Indiana-Kentucky Synod and/or the churchwide expression of the ELCA and/or ministries formally supported or endorsed by one or both of these expressions of the church.

Space for the Celebration of Ministries is often limited.

Venues usually charge the synod for the provision of tables, electricity, and other support for the Celebration of Ministries.

Policy and Practice

- A. Allocation of space in the Celebration of Ministries is limited to ministries of the Indiana-Kentucky Synod and/or the churchwide and regional expressions of the ELCA and/or ministries formally supported or endorsed by one or all of these expressions of the church.
- B. Only Augsburg Fortress, keynote and breakout presenters, and assembly musicians are allowed to sell merchandise of any sort in public areas of the assembly, including the Celebration of Ministries.
- C. One table (typically 6' long) is permitted per organization or committee. Subcommittees of standing committees are to use a portion of the primary committee's table space.
- D. The standard fee per table is \$30.00, plus any additional costs charged by the venue for special needs of exhibitors (e.g. fees for electrical lines, Internet access, etc.). Fees related to synod organizations and committees will be charged to the sponsoring group's budget. Others will pay their fees to the Indiana-Kentucky Synod through arrangement with the director of the Synod Assembly Planning Team. [See addendum below for 2010.]
- E. At the discretion of the Synod Assembly Planning team in consultation with the director of Synod Assembly Planning and the secretary of the synod, if available space may be provided in a location other than the Celebration of Ministries for dissemination of information by organizations not falling under Policy A above.

Exceptions to the above policies are made by decision of the Synod Assembly Planning team in consultation with the synod's director of Synod Assembly Planning and the secretary of the synod.

Addendum: Synod Assembly 2010

- Thanks to generous contracts with the Northern Kentucky Convention Center, for the 2010 Synod Assembly there will be no charge for tables or for electrical access. Tables will also be covered and skirted at no charge.
